MECH 151: Technical Design – Prototyping

Work Breakdown Summary

Final Exam — Prototype Project (team submission)

Due: Wednesday, December 16, 2026, by 6:30 PM — submitted with your Final Exam at CE405

Team Name / Number: _____

Team Member 1: _____

Team Member 2 (if applicable): _____

Team Member 3 (if applicable): _____

Date: _____

Instructions

List each major task or deliverable for your prototype project and who on the team was responsible for it. This is how the instructor sees each team member's individual contribution, so be specific rather than listing every task under "the whole team."

Task Breakdown

Task / Deliverable	Team Member(s) Responsible	Description of Contribution

Add more rows as needed — this is a starting point, not a limit.

Team Collaboration Notes

Anything else worth noting about how the team divided the work, communicated, or handled disagreements or setbacks along the way.
